## COLD COUNTRY

# International Falls Takes -38 in Stride

INTERNATIONAL FALLS, Minn. (AP)—A logger says the trees around International Falls are frozen so hard the woodpeckers can't tell them from iron pipes driven into the ground for markers. That's typical of the stories spawned in this northern Minnesota city that as often as not finds itself at the bottom of the U.S. temperature chart. The mercury dipped to 14 below zero Jan. 20, and it has taken a

nosedive every day since. Not just a little below zero, either. Most days recently it's been 30 below or more. It was -38 Monday.

Surprisingly, such weather does little to slow down the normal activity of the town of 6,700, most of it centering around the cutting of pulpwood that is turned into paper by a big mill here.

Oscar Bergstrom, a pulpwood operator, says he has an agreement that his men don't have to

work in the woods when it's colder than -30.

Why is -29 better than -30 for working in the woods? Nobody seems to know.

Natives say it usually is a quiet cold, with little wind to bite into exposed skin.

Another story going the rounds is that the popping of trees in the woods is barely louder than the jingling of fuel oil and coal dealers' cash registers.

Trees give off loud bangs as their fibers are popped open by freezing of moisture in intense cold.

Even starting cars isn't much of a problem. Most residents use electrical heaters which keep the chill off the engine. One car dealer started residents by installing a device which periodically starts the car's motor. More than one person has done a double take when an unoccupied vehicle zooms to life.

"About the only ones that give trouble are the cars of salesmen, who forget how cold it gets up here," says a local man.

Fishermen aren't deterred much in their quest of walleyes and lake trout, a big tourist draw in the wintertime. Portable and permanent fishing shacks dot the lakes; some anglers use small tents heated with tiny stoves.

One angler on a nearby Canadian lake had his tent stove going so hot last week that it melted two feet of ice and dropped into the lake.

"Life pretty much goes on as usual, no matter how cold it gets," says Harry Davy, publisher of the International Falls Journal.

## Andersen to Outline Budget On Wednesday

ST. PAUL (AP) — The Minnesota House and Senate have agreed to meet together at noon Wednesday to hear Gov. Elmer L. Andersen outline his budget proposals.

The governor said during the campaign he would submit a spending program that would require no new or increased taxes.

He said at the same time, however, that about \$100 million more would be available from present tax sources during the next two years to help meet rising costs. A major factor in the added money was listed as economic growth.

The time for the budget session was agreed upon Monday at sessions which saw a taxonite bill introduced in the House and a long list of interim appointments submitted in the Senate.

The taxonite bill, aimed at encouraging expansion of the taxonite industry in northeastern Minnesota, would provide a legislative guarantee that taxes on taxonite would not be increased unless it were necessary to increase taxes on business generally.

The bill was introduced by Rep. Fred Cina of Aurora, House minority leader, in behalf of delegations from Minnesota's northeastern counties.

Cina introduced a proposal for a constitutional amendment to provide tax guarantees at the 1961 session of the legislature, but it was killed in the House Tax Committee.

Before introducing his bill Monday, he said he was sure it would serve the same purpose as an amendment, that he doubted very much voters would approve an amendment if it got through the legislature, and that defeat of a proposed amendment would give the state a black eye in areas which might be expected to provide financing for new taxonite plants.

The list of appointments submitted by the governor to the Senate numbered more than 100, persons named to various state posts since the 1961 legislature met.

Most of the appointments were to various boards and commissions. The list included L. Lyman Huntley, named to the State Board of Education; Gerald Bryan, state banking commissioner; and William Joyce, state liquor control commissioner.

# U.S. Drops Charges Against Gen. Walker

OXFORD, Miss. (AP) — The federal government has dropped charges against former Army Maj. Gen. Edwin A. Walker and six others arrested after the University of Mississippi desegregation riots last fall. U.S. Atty. H. H. Ray asked for the dismissal Monday several hours after a federal grand jury quit without indicting Walker. James H. Meredith—the Negro whose arrival at the University Sept. 30 ignited the riot—takes his final semester test today.

The 29-year-old former Air Force sergeant has threatened to withdraw from the university after this semester unless campus conditions change. He has been the target of frequent harassment.

The charges against Walker were dismissed by U.S. Dist. Judge Claude F. Clayton "without prejudice." This means the

federal government may reconsider them before the statute of limitations expires in five years.

The white grand jury panel indicted four persons last week in connection with the riots which killed two and injured scores.

They were Melvin Bruce of Decatur, Ga., Philip Lloyd Miles and Kline Lamar May, both of Prichard, Ala., and Richard Hays Hinton of Lucedale, Miss.

They were charged with interfering with federal marshals in the performance of duties and impeding them in the execution of court orders directing Meredith's enrollment.

Besides Walker, charges were dropped against Frank Lamar Ott and Joseph Cutler, both of Kentwood, La., Edward Louis Shade of Atlatun, Miss., Robert Blackard of Memphis, Tenn., William Gilbert Marr of Olive Branch, Miss., and Charles Clark, Prentiss, Miss.

Walker, who commanded federal troops at Little Rock, Ark., during the 1957 desegregation crisis, was arrested in Oxford the day after the riot.

An embassy spokesman said up to 205 American citizens living in Cuba also are scheduled to leave on two plane flights, one each on Wednesday and Friday. They are U.S. citizens being repatriated and have no connection with the prisoners' relatives.

"The Cuban and American Red Cross have put in motion all necessary preparations," a spokesman for the Swiss Embassy said.

"The Cuban authorities have assured they will make available exit permits for between 500 and 1,000 Cuban citizens directly related to the former Playa Giran (Bay of Pigs) invasion prisoners."

A list of 1,000 relatives was given to the Cuban government by the now defunct prisoners' mothers' committee, a committee member said.

Appeals to leave were still pouring in from Cubans claiming to be related to the prisoners.

In December at least 2,000 applications were turned down when the American freighter African Pilot took on a load of 900 prisoners' relatives. The ship had delivered a major installment on the prisoners' ransom.

Kennedy Plans Education Aid Plea on Jan. 29

This was announced by House Speaker John W. McCormack of Massachusetts after the President's weekly breakfast meeting with the top Democrats in Congress.

## Panel of Three Judges Hears State Witnesses

ST. PAUL (AP) — A lawyer representing Karl F. Rolvaag in the Minnesota governor recount trial plans to question another half-dozen witnesses today in an attempt to show irregularities in conduct of the election.

A panel of three district judges Monday began hearing testimony on charges brought by Rolvaag, the former DFL lieutenant governor. The state canvassing board declared Republican Gov. Elmer L. Andersen the winner, by 142 votes, over Rolvaag in the Nov. 6 election.

A nursing home owner, who said she was a Democrat, testified Monday that a Republican county official marked all of a ballot for an aged patient "without consulting the man."

Clayton L. Nelson, counsel for Rolvaag, asked Mrs. Ruth Cashel, owner-operator of a nursing home at Worthington:

"Did he (Harold Collingham, Nobles County Republican chairman) mark the entire ballot for Bill McEwen without asking him how he wanted to vote?"

"Yes," Mrs. Cashel replied.

Mrs. Cashel also testified that Collingham and Mrs. Ruth Mosher, a notary public, had picked up 17 ballots from patients at the home Monday preceding the election. Nelson claims the law requires mailing of the ballots.

Mrs. Cashel also testified that McEwen was not among 25 patients who had made applications for ballots so that they could vote.

"He had not signed the application but he voted," Mrs. Cashel said.

Katherine Turnblom, matron at the Lutheran Home for the Aged at Belle Plaine, in Scott County, testified that Edward Smith, Scott County veterans service officer, had helped a number of residents of the home to fill out absentee ballots.

Nelson also placed Smith on the stand and brought out that the service officer was a former GOP county chairman.

Smith testified he marked "one or two ballots complete" for some who asked for help and that he assisted others, primarily in connection with constitutional amendments.

Miss Turnblom said she contacted Smith, as she had done at prior elections, to come to the home and help some of the patients.

Miss Turnblom also testified, in response to inquiry, that she had helped a few patients who were handicapped. She said she placed the envelopes with the ballots in a sealed envelope on a table in the lounge where Smith was assisting patients.

Nelson claims that the 25 ballots in the unmailed absentee envelopes had illegally resulted in prejudice to Rolvaag. He said this can be corrected only by proportionately reducing the vote for Andersen and Rolvaag within the Worthington precinct in question.

Other witnesses called by Rolvaag Monday in an effort by the attorney to substantiate charges of irregularities were Herbert Hallin, Stillwater, Washington County deputy auditor; G. J. Lynne, Grant County auditor at the time of the election; Martha Lohse, election judge at Elbow Lake; Paul Keup, election judge at Belle Plaine; and Mrs. Margaret Ince, Belle Plaine election clerk.

# Fresh Storm Crossing U.S.

By THE ASSOCIATED PRESS

A fresh snowstorm swept across areas from the Rockies eastward into the Midwest today and a new surge of cold air spread into the East and deep into the Southland.

Subzero temperatures clung to much of the northern Midwest, with no general, immediate relief indicated in the prolonged cold wave. The new mass of arctic air which invaded the Northeast dropped temperatures below zero in northern Maine and western New York State.

Freezing weather chilled areas in northern Florida and much of the Southeast. Miami shivered as the mercury dropped into the 40s. There were sharp drops in temperatures throughout the East.

Blizzard warnings were posted for west and central South Dakota after snow, powered by winds of 40 m.p.h. swept into North Dakota and the lowlands of Montana.

Snow fell across sections from the northern Plains, the upper Mississippi Valley and the Great Lakes region into the Ohio Valley. The amounts ranged from one to three inches.

Cold wave warnings were issued for all parts of Montana, Wyoming, Colorado, New Mexico, South Dakota, Nebraska, Kansas, Oklahoma, Iowa, Missouri and northern Texas.

The cold air from Canada spread southward east of the Continental Divide in Montana and Wyoming and covered most of the Dakotas and Nebraska.

The arctic air was expected to spread southward across the Plains states and cover most of the nation's midsection. Temperatures were expected to drop to more than 30 below zero along the central Canadian border and to below zero in Kansas and Colorado.

Although temperatures moderated a little in the Midwest cold belt, subzero marks again were reported in the northern Plains and northern sections of the Midwest. They ranged from zero to

more than 20 degrees below in International Falls, Minn., on the Canadian border.

In western New York the mercury dropped to -10 in Sinclairville, -8 in Cassadaga and -6 in Mayville. Readings edged near the zero mark in many other northern and western sections.

New York reported 12 above, the same as in Philadelphia and Boston. In Maine, it was -9, in Old Town, with readings near zero in other parts of New England.

The mercury was in the low teens in Kentucky and Tennessee, near 20 in extreme northern Georgia and freezing into northern Florida, with 29 reported in Tallahassee. It was 14 in Asheville, N.C., 30 in New Orleans and 46 in Miami.

# Polio Boy Meets Kennedy

WASHINGTON (AP)—President Kennedy introduced his family's three dogs Monday to Jimmy Bogges, 6, March of Dimes Poster Boy for 1963.

Jimmy, the victim of birth defects, was wheeled into Kennedy's office by his parents, Mr. and Mrs. Jim Bogges of Coy, Ark.

The President greeted the bright-eyed youngster and suggested they move out into the rose garden to have a look at the dogs—Clipper, Pushinka and Charlie—and also to have a look at the swings, treehouse and other playground paraphernalia of the Kennedy's two children, Caroline and John Jr.

Jimmy and the President exchanged gifts and talked about college football. The boy's father attended Louisiana State University on a football scholarship and Jimmy was mascot for the Arkansas team in the New Year's Day meeting with Mississippi in the Sugar Bowl.

The boy, born with an open spine and water on the brain, said there was only one thing wrong with the Sugar Bowl game—"We lost."

Kennedy gave Jimmy a pen with the President's name on it, a gold PT-109 pin and an autograph signed, "To Jimmy,—best of luck."

Jimmy gave the President cuff links and a tie pin decorated with Roosevelt medals.

Jimmy survived in infancy an operation that successfully repaired his spine. A second operation corrected dislocated hips and his brain condition cleared up spontaneously when he was six months old.

# Youth Dead of Injuries and From Exposure

BRainerd, Minn. (AP) — Russell Kropfenske, 17, of rural Randall, Minn., died in a Brainerd hospital Monday night of injuries and exposure suffered in a car accident early Sunday in which two companions were killed.

The youth, son of Mr. and Mrs. Otto Kropfenske of R. 1, Randall, suffered frozen arms and legs, fractures of both arms and legs and internal injuries.

The car carrying Kropfenske, David Miller, 20, Little Falls, and Donna Rushmeyer, 17, of rural Little Falls, plunged into a Highway 371 ditch after striking a bridge abutment 10 miles south of Brainerd. The youngsters by near the wrecked car, in subzero weather several hours before the accident was discovered.

Miller and Miss Rushmeyer were dead.

Rickover Would Pay Good Teacher More Than Senator

NEW YORK (AP)—Adm. Hyman G. Rickover, director of the Atomic Energy Commission nuclear reactor program, says a good teacher should be paid more than a senator, or even an admiral.

"If there is not enough money to pay for education," Rickover told the Fund for the Republic meeting Monday, "I would take it out of the military funds."

Rickover said American education is placing too much emphasis on "salable skills" and that there is too much influence wielded by "promoters and administrators" instead of teachers.

# Father Injured, Paralyzed Boy Alone 2 Days

MANHATTAN BEACH, Calif. (AP)—A teen-age boy paralyzed from the waist down lay helpless in his home for two days while his father, critically injured in a traffic accident, was unconscious in a hospital.

Then a neighbor heard of Bill Weber Sr.'s auto collision and asked police to check the son's condition.

They found Bill Jr., 18, cold, hungry and bewildered. He became a paraplegic two years ago when injured in a water skiing accident. Neighbors and police picked him to help him. An officer's wife cooked him dinner, others brought clothes. Some offered to stay with him until his father recovered. The boy's mother died six years ago.

"It was almost worth all this to find out I have so many friends," he said Monday.

How to Survive if Stuck in Blizzard

ST. PAUL (AP) — An automobile has the makings for a good survival unit, especially in cold weather, says Garet E. Hall, state highway safety director.

Here's what a weather-stranded motorist can do, says Hall:

as blankets and windbreaks. Protect the face against frostbite with earplugs and grease.

Siphon gasoline, if there is any left, and use it to start fires.

Motorists have a better chance for survival by staying with their vehicle, but caution is urged against carbon monoxide gas from a running motor.

Trying to walk any great distance in severe storms or cold is risking death, Hall advised.

# Freeman Taking New Course on Farm Program

By OVID A. MARTIN

WASHINGTON (AP) — Secretary of Agriculture Orville L. Freeman is deviating from a course taken by his predecessors in making an all-out fight for grover approval of a new wheat control program for 1964.

This program, authorized by Congress last year, requires approval by at least two-thirds of the growers voting in a nationwide referendum. The voting will be held in May or early June.

Since the department first started conducting farm referenda on crop control programs in 1939, secretaries have taken the position that neither they nor the department should attempt to influence the voting.

In fact, instructions were given that the department—being the referendum—conducting agency—should maintain a hands-off position. Its activities were limited to disseminating factual information regarding the programs up for approval or rejection.

But Freeman, being one of the most aggressive of the secretaries since inauguration of controls, has indicated he feels that circumstances dictate that he depart from the past and put up a battle for the new plan.

Of course, there is nothing in farm law that prohibits his course. At issue in the referendum is a so-called two-price plan for wheat. It would replace the present single-price plan. In addition to requiring a smaller acreage than under the present program, the new plan would support prices of wheat assigned for the domestic market and for part of the export market at \$2 a bushel, which is the same as this year.

The remainder, designed for non-food uses, would be supported at about \$1.35.

There are several reasons why Freeman obviously has chosen to make a determined fight for the new proposal. The referendum will be held at a time when mandatory farm control programs are under greater attack than ever before. Past secretaries, particularly those in the earlier days of controls, had no such opposition.

Fighting to defeat the wheat plan is the influential American Farm Bureau Federation. The largest of the general farm organizations, it wants a gradual retreat of government from agriculture. The outcome of the wheat election could well determine the future of government intervention—which is the basis of Kennedy-Freeman farm policies.

In fact, Freeman's future as secretary could well hinge on the referendum results.

## GOP Expects \$500,000 From Goldwater Fete

By JACK BELL

WASHINGTON (AP) — Republican colleagues are arranging a dinner salute to Sen. Barry Goldwater which they hope will produce a \$500,000 to help bail out financially strapped party committees.

No mere \$100-a-plate affair, the Goldwater testimonial is expected to attract sizable subscriptions from party financial angels who applaud the Arizona senator's conservative views.

If it tends to implant the Goldwater image more firmly on the party, GOP liberals will not like that. But some of them conceded privately there isn't much they can do about it.

Presumably the dinner, presently scheduled for Feb. 28, will supplant the customary June congressional fund-raising rally at which former President Dwight Eisenhower has been the principal attraction in recent years.

Goldwater has retired from the post he has held for four years as chairman of the Republican Senatorial Campaign Committee. He was succeeded by Sen. Thurston B. Morton of Kentucky, former party national chairman.

In agreeing to permit himself to be lauded publicly for the contributions he has made toward getting Republican senators elected, Goldwater laid down some limits.

The first of these is that there mustn't be anything said about him as a potential candidate for the 1964 GOP presidential nomination. It will be all right, however, to remind the faithful that there is in the offing his likely candidacy for re-election in Arizona next year.

As matters stand, Goldwater has asked those who want to boom him for the presidential nomination to give him a year to think about it before he makes any decision.

Farmers own 3.6 million passenger cars and 2.8 million trucks.

## New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — For years "they said it couldn't be done." But now a Texas firm of laboratory consultants has developed a treatment that is not only stopping hair loss... but is really growing hair!

They don't even ask you to take their word for it. If they believe the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to satisfy everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped. But how can any man or woman

be sure what is actually causing their hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Actually, there are at least 18 scalp conditions that can cause hair loss. No matter which one is the cause of your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have hair (or at least some fuzz) on top of your head, and would like to stop your hair loss and grow more hair... now is the time to act.

Loesch Laboratory Consultants, Inc. will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below.

To: Loesch Laboratory Consultants, Inc.  
Dept. MA-9, Box 66001, 2018 Kipling St.

# Mercury to Do Disappearing Act

Winona's January "heat wave" which saw the temperature rise to 2 above Monday afternoon is over and bitter cold weather will return tonight and Wednesday.

A low of 25 to 30 below is forecast for tonight and a high of 12 to 22 below Wednesday.

AFTER occasional snow flurries this afternoon, mostly fair weather will prevail in the area accompanied by the severe drop in temperatures.

An inch of snow fell on the city Monday night, bringing the total for the winter to 17 inches, one in November, six in December and 10 so far in January.

The thermometer which rose to 2 above Monday afternoon after a morning low of 23 was down to -8 at 7 a.m. today and had not moved off the -8 mark by noon.

The moisture in the inch of snow was .03.

ROADS throughout the area were slippery and drifted in some places, prompting police and highway authorities to urge drivers to use caution.

Minnesota and Wisconsin highway officials reported highways generally slippery with poor visibility from blowing snow. Even on the interstate sections passing lanes and ramps were slippery.

## St. Charles Board Names Architect

ST. CHARLES, Minn. (Special) —The St. Charles school board Monday night hired an architectural firm for planning needed building at the school here and decided to write the state Department of Education stating reasons for asking for approval of a plan of consolidation with rural schools of the area.

Out of two Minneapolis architectural firms present, the board hired Mattson & Wegeliner on motion of Del Rühberg, seconded by Gerald Wegman. The architects engaged will make a survey and decide what kind of building St. Charles needs—elementary or high school.

The board will point out to the state that a central school was voted down following three years of study and that St. Charles badly

needs more room immediately. The district will point out it is asking consolidation only with the rural schools it always has served. The plan, which has been sent to the state by the Winona County superintendent of schools, asks consolidation of St. Charles High School with Clyde, Summit, Elba, Oak View, Saratoga, Summit, Pargel, Utica and Vowels rural districts, Winona County, and Thike, Olmsted County.

The St. Charles board, after discussion, decided it has no alternative but to make plans for its own school because of the vote against the central school.

The board rehired the two principals: Burge Hammond, secondary, increasing his salary for next year from \$7,800 to \$8,400, and Larry Beckley, elementary, raised from \$6,650 to \$7,150.

## City Police Ticket To Be Like Others

It may be only small comfort to erring drivers but they soon will get the same kind of traffic ticket for moving violations here as issued anywhere else in the state.

City Attorney George M. Robertson Jr. read an amendment to the traffic ordinance to the City Council Monday night that puts the local summons forms into uniformity with those throughout Minnesota. The old yellow envelope for parking infractions will remain in use, however.

Robertson told aldermen that Police Chief George Savard had requested the change and the Council voted passage.

## Still Vacancies In Stenographer Training Course

Applications for enrollment in the stenographer training course which is to be given in Winona will be accepted until Jan. 29, Ray H. Brown, local manager, Minnesota State Employment Service office, announced.

The class, which is being given under the National Manpower Development and Training Act, will start in Winona Feb. 4. The original starting date of Jan. 21 has been postponed so that women of the Winona area who want to enroll may have additional time in which to make application. Some women already have filed applications and will be officially enrolled within the next few days. There are still some vacancies left, but the size of the class will be limited, and interested persons should apply immediately.

The training class is part of the nationwide training program financed by the federal government. The aim is to train unemployed and underemployed people who want to improve their skills to earning a livelihood. There is no charge to the student for the schooling. No previous office experience is needed. The only requirement is that students be high school graduates.

Recruitment of applicants for enrollment in the course is handled by the Minnesota State Employment Service office. The training will be given by the Winona Area Vocational School under the direction of Tom Raine, school director.

Demand for well trained stenographers is very strong. The number of trained people available is continually short of the number needed. Jobs will be waiting for graduates of the stenographer class after completion of the course.

All women living in the Winona area are eligible for enrollment. The area includes Winona County, Wabasha County, Houston County, Rushford and the commuting area in nearby Wisconsin. People who want to enroll should apply as soon as possible. Applications should be filed at the Minnesota State Employment Service office.

## More Wincrest Engineering Work Delayed

By a resolution adopted Monday night by the City Council, plans for sewer, water and lift station facilities for the Skyline Manor section of Wincrest will be delayed.

Ald. James Stoltman's motion to postpone further engineering work on utilities in the area did not specify how long the delay should be. Other sections of the development might well become more heavily populated, he said, before it is necessary to make these expenditures.

The cost of man-hours in the city engineer's office incident to planning the improvements would total \$2,000, Stoltman estimated. Saving this outlay through postponing the paper work would be a desirable economy, he continued.

City Engineer James Baird said his office had been directed last fall by the Council to prepare plans and specifications. The pressure of other work had caused them to be sidetracked, he said. Baird estimated the proposed improvements would cost \$25,000 to \$30,000, much of it not assessable against the property.

Sewer and water would have to be extended a distance of 2,000 feet from the connection point on Conrad Drive with existing services, according to city charts.

## City Election Judges Picked

Election judges were named for the coming city elections by the City Council at its meeting Monday night.

They will receive the customary fee of \$15 for the primary election and \$18 for the runoff election, although an effort was made to write in a "cost-of-living" raise this year.

Ald. James Stoltman said he thought judges should get \$18 and \$21 for the two elections but his move was unsuccessful.

Judges appointed were:

**1ST WARD**  
First Precinct — Alfred Sens, Ralph Rydman, Mrs. Mabel Harsh, Mrs. Everett Wise, Mrs. Clinton Heaser.  
Second — Mrs. D. R. Kral, Mrs. George Bolter, Mrs. Paul Sanders, Mrs. Wayne Baldwin, Mrs. Irvin Blumentritt.

**2ND WARD**

## Fillmore Co. Court Jury Called Feb. 4

PRESTON, Minn.—It was a quiet day in Fillmore County District Court here Tuesday, Judge A. C. Richardson heard motions.

The jury is called Feb. 4 at 10 a.m. to hearing a personal injury case brought by Coquella Moon against Harold Strand and James H. Thompson. It involves an accident March 23, 1961, three miles east of Spring Valley.

## Faribault Man Dies From Jan. 10 Accident

MINNEAPOLIS (AP) — Death of a Faribault man in University Hospitals Monday was listed by the Highway Patrol as a traffic fatality.

Clement J. Nagle, 53, suffered a head injury in a collision Jan. 10 on highway 60 eight miles east of Faribault. Also injured were the two drivers, Buck D. Pitman, Northfield, and Andrew Howard, Kenyon.

## Goodview Council Asked: What About High Taxes?

By HAROLD KNOLL, Daily News Staff Writer

A half-dozen villagers inquired Monday night about Goodview village's 48.2 percent tax increase at the Village Council meeting in Village Hall.

The village had the highest increase in 1962 taxes payable in 1963 of any community in rural Winona County. The new tax total is \$124,144—\$40,404 higher than the previous total of \$83,740.

GOODVIEW ALSO had the second highest increase in homestead mill rates of any community in the county. The new rate of 1963 is 34.76 higher than the old rate of 156.52. (Lewisville village had the county's highest increase in homestead mill rates, as previously reported.)

Mayor Rex A. Johnson explained at Monday's meeting that much of the increase in taxes was due to the raising of the Village Council. He was assisted by trustee M. F. Sweney in explaining the increase. The officials told the villagers there was nothing that could be done now about the increase.

which of course affects Goodview's taxes.

Another reason for higher Goodview taxes is the fact that Goodview had the highest valuation increase of any community in the county. The new valuation is \$620,490—a 20 percent increase ordered by the County Board of Equalization under protest of the Goodview Village Council. The new valuation is up \$113,359 over the old figure of \$507,130. That's because valuations in the village were generally increased to one-third of market value and because commercial land was revalued.

THE COUNCIL has decided to hold a special meeting at 7:30 p.m. Jan. 31 to consider appointment of a full-time clerk. The meeting was scheduled for Jan. 30, but the council wants to attend a regional meeting that day at Rushford of the League of Minnesota Municipalities.

Fire Chief Joseph Truchta told the council Monday that fire and derelictors would inspect the village's fire department facilities and new waterworks soon. Availability of modern water facilities may lead to a drop in fire insurance rates.

# Council Picks Shive Road for Landfill

The Shive Road area will be the site of a sanitary landfill waste disposal area. City Council members decided at their meeting Monday night.

The decision did not come easily or quickly. It followed debate over the relative merits of space south of Shive Road and the land west of the present city dump's Louisa Street entrance.

The Shive Road area is approximately south of the present dump, across Lake Winona outlet ditch.

ALD. HENRY PARKS saw the Louisa Street area as the more economical of the two locations. Ald. James Stoltman said his 4th Ward constituents were sick of having a dump nearby and wouldn't stand for another one practically in the same place. In the debate over taxpayers' money

and the voters' sense of smell, the nose had it.

Stoltman's reference to the proposed new sanitary landfill as a dump drew angry rejoinders from other aldermen. The main objections to the present dump center about smoke, odors and rodents. Ald. Daniel Bambenek and Howard Baumann pointed out, and the sanitary landfill will have none of these.

Brandishing a map of the area, Stoltman said 4th Ward residents weren't about to quibble and simply did not want disposal of wastes nearer to their homes than at present.

ALD. PARKS said engineering tests had shown the Louisa Street tract easily adaptable and that a start should be made there. Why not raise its level four feet by a landfill, he asked, then move over

to the Shive Road area? Parks maintained standing water collected south of the Lake Winona outlet and earth moving machinery could not work there.

Stoltman countered that the order of procedure ought to be the other way around. "Fourth Ward people don't want it at Louisa Street any more than you'd want to lose the 2nd Ward," Stoltman the candidate told Parks whose term does not expire this year.

CITY ENGINEER James Baird, questioned at some length, told aldermen his investigations showed the Shive Road land had excellent prospects for use as a sanitary landfill. It is a gravelly loam, he said, and would serve well as cover material over the buried waste deposits.

The engineer said his recommendation came from a change of opinion about the area. He described the method of operation he thinks should be employed.

Waste disposal there should employ the abandoned Chicago Great Western Railway grade running north and south at the east edge of the tract, Baird said. A large bank of dirt would be thrown up roughly parallel to and 100 yards or more west of the railway grade. Garbage and refuse dumped in the intervening area would be covered daily with earth bulldozed from the previously excavated embankment, Baird explained.

BAIRD SAID his original conception of the project was that of a completely contracted operation with private firms. In the interests of control, he went on, the landfill should logically be on city land and under city supervision.

He said both proposed sites were acceptable and suggested that the Louisa Street area be used as a substitute in case high water forced temporary cessation of activity south of Shive Road.

Council President Harold Briesath asked if it would be well for the city to dig the necessary trenches, then leave backfilling to the contractor handling actual disposal. Baird supported this view and said the city could possibly contract necessary digging with a dragline operator for about \$150 per day. Parks had suggested the street department could perform this function.

In reply to Mrs. Mary Masysa's question, Baird said the city would probably not have to buy a \$30,000 bulldozer tractor as previously planned. The Shive Road area should serve for 25 years, he told Ald. Stoltman.

When the motion by Ald. Daniel Bambenek to designate the Shive Road site was brought formally to the floor, Stoltman seconded and the vote in favor was unanimous.

CITY RECORDS show that the area in question was formerly a 100-acre farm owned by Stanley and Florence Drazkowski. It was purchased by the city in 1954 for \$3,100 specifically for use as refuse disposal ground. Total cost of acquisition, including some adjoining roadways, was \$4,600, according to city recorder's figures.

Specifications and feasibility studies to be prepared by the engineer will be reviewed by aldermen in succeeding meetings to determine whether the landfill should be operated on contract or by the city beginning next summer.

Dirlam asked the committee, headed by Rep. Richard W. Fitzsimons, Argyle, not to amend his bill and "to keep faith" with the legislature.

"If we can enter the bond market before March 1 and call for bids," Stevenson said, "we can get better bids. This would make it possible to have some college buildings erected by the fall of 1964."

Passenger car travel in 1961 amounted to about 600 billion vehicle miles, an average of 9,500 miles per vehicle.

## 350 Expected At Chamber Dinner Meeting

About 350 are expected to attend the 51st annual Chamber of Commerce meeting and banquet and "Andy Anderson Appreciation Night" at the Oaks Wednesday evening.

"Don Stone, new secretary-manager of the Chamber, said that the banquet will begin at 7 p.m. A. J. Anderson, the retiring executive, will be honored.

Bob Ryan, St. Paul television and radio news commentator, will be speaker.

## Accident Driver Pleads Not Guilty

Gerald J. Knopick, 20, 668 E. 5th St., pleaded not guilty in municipal court today to a charge of failure to yield the right of way causing an accident.

He was arrested by police following an accident at Markato Avenue and East Wabasha Street at 7:20 a.m. Monday. His car and a car driven by Wilfred A. Henn, 519 Wall St., were involved.

Judge S. D. J. Brunk set the trial for Jan. 30 and set bail at \$15. Knopick has posted bail.

## CD Shelter Meeting Slated For Wednesday

All civil defense shelter heads for Winona will meet at the courtroom in City Hall at 8 p.m. Wednesday for information on shelter management, according to George McGuire, Winona civil defense director.

Joseph Emanuel, Winona State College, and Erhard Saettler, College of Saint Teresa, shelter management instructors, will conduct the meeting. It will be a short meeting for further classes which will be conducted on shelter management.

McGuire said that nearly all of the shelters in Winona have now been licensed and marked. "We are just about at full strength and have about 38,000 capacity in the shelters. There are a few that have not been licensed and marked, but those shelters are not the most important ones," he said.

The shelters are not stocked yet, but stocking has begun and may be completed in the near future. All shelter heads should attend the meeting Wednesday, said McGuire.

## 1-Way Traffic Proposed For East Second

Restricting 2nd Street to one-way traffic from Franklin Street to Markato Avenue was proposed Monday night at a City Council meeting by Ald. Henry Parks.

The 2nd Ward alderman said his suggestion was frankly a bid for public discussion and was not made as a formal motion. Traffic congestion caused by railway cars on the Chicago Great Western track and parked cars on the south side of the street make the restriction imperative, Parks said.

A segment of 11 blocks is involved. Residences line most of the south side of the street and part of the north side as well from Laird Street east.

Mrs. Mary Masysa suggested that, if one-way eastbound traffic was required on 2nd Street, another street should be designated as a westbound thoroughfare. Parks did not specify any such opposite route but said he hoped the Council would test public sentiment on the proposal.

## Chemical Workers Name Guenther To Tenth Term

A. B. Guenther was elected to his 10th one-year term as president by Chemical Workers Local 228 at a meeting Monday evening at the Labor Temple.

The local represents factory employees of Watkins Products, Inc., and McCann & Co.

Also re-elected: Alfred Thiele, vice president; Mark Yahnke, recording secretary; Clem Rozek, secretary-treasurer; Archie Trimm, guide; Joseph Lewica, sergeant at arms; and Robert Nelson, trustee for a three-year term.

Installation will be at the February meeting. Lunch was served by employees at Watkins mineral plant No. 2.

## Driver, 80, Fined For Leaving Scene Of Stockton Crash

John W. Burfield, 80, 713 Gilmore Ave., was arrested by Sheriff George Fort Monday afternoon as a result of an accident at Stockton Thursday afternoon.

Burfield was charged with leaving the scene of an accident and pleaded guilty to that charge before Justice Lewis Albert, in Goodview, later Monday afternoon.

According to Fort, Burfield's car forced a truck off Highway 14 at Stockton at about 2:45 p.m. Thursday. The truck then struck two parked cars on the south shoulder of the road. Burfield left the scene of the accident without reporting, said Fort.

He was sentenced to pay a fine of \$25 and \$3 costs following a guilty plea. He has paid the fine.

## FIRE NEAR BLAIR

Blair-Preston volunteer fire department was called at 11 a.m. Monday to put out a chimney fire at the Roger Dahl farm 1 1/2 miles southeast of Blair. Some smoke damage was reported. The family moved to the former Victor Thompson farm in December.

# It Happened Last Night Don't Stop World Yet

By EARL WILSON

NEW YORK—Tennessee Williams and U.N. Ambassador Adlai Stevenson met—for the first time—following the premiere of Williams' play "The Milk Train Doesn't Stop Here Anymore" at a black tie party at Barbetta's restaurant.

The play had failed to excite the major critics.

"I hope you can pull us out of it," Stevenson told Stevenson.

"Well, I don't know if I can be of much help to you," replied the Ambassador.

"Good Heavens!" cried the playwright. "I don't mean theatre, I mean the world!"

Judy Garland took a couple of bottles of champagne to the airport to greet her estranged husband Sid Luft in New Orleans as a couple of nights ago—and they had a big celebration about something.

Whether a divorce or reconciliation—nobody knows. Judy canceled a reservation at the Hotel Roosevelt and was reported at the Prince Conde Motor Hotel where Sid was also registered. Just when their split seemed permanent, it appeared they were back together. Judy's manager David Begelman said in N.Y.: "They met there to discuss the kids. I wouldn't be surprised if they reconcile."

One B'wayite wisecracked: "The way Judy keeps going back to Sid, it must be Luft."

LOVELY Julie Wilson, the singing actress from Omaha, is expecting a baby in July, and her husband Michael McAllaney is proudly passing out the word.

About Doris Day and all those boy friends, our best Hollywood source says: "Nobody can figure Doris out, because she can't figure herself out." Paulette Goddard was at the Absinthe House with Critic John McClain listening to the pianistic of Frank Cuni-mundo. Robert Ryan ("Mr. President"), just over chicken pox, unusual for 50-year-olds, isn't done yet. Now he had to have a tooth pulled. Bernie Allen heard that 40-year-old Stan Musial is doing calisthenics to prepare for the coming season and referred to him as "Stan Methusial."

Oh President Kennedy! Psst! The White House is referred to by the Paris Press as "Chez Jackie."

George Burns told us over the Hampshire House mike that Croucher Marx is very busy in Hollywood. "Doing what?" we asked. "Stoking his mustache," alleged George. Kim Novak's up against the biggest test of her life

in playing Mildred in Seven Arts' "Oh Human Bondage." Marilyn Monroe was to have done it. Liz Taylor was up for it. Kim knows that she's got to act and not just look pretty and sexy this time.

AFTER BUYING newspaperman James Bassett's best-selling novel, "Harm's Way," for a movie, Otto Preminger phoned Bassett and asked if he hadn't once been publicity adviser to Richard Nixon.

Bassett admitted it—then Preminger said that the U.S. Navy film spectacular he was planning would have trouble finding World War II type ships—because many had been sunk at Bikini and others had been sold to South America countries.

"So why don't you just rent a South American Navy?" Bassett said.

"No, I have a better idea," said Preminger who hopes to get Jimmy Stewart or Gregory Peck to play the tough Admiral. "Why don't you just ask your friend Nixon if he will ask his friend Jack Kennedy to let us use the American Navy?"

I'D RATHER BE LIGHT—We think the quick-thinking award should go to the fellow who saw me a tiger escape from his cage. He walked coolly into the cage and locked himself in. Down at our friendly neighborhood tavern they told about a mountain up before a judge. "Shame on you," barked the judge, "for shooting your own son-in-law." The hill-billy drawled, "Wal, when I shot him, he wasn't my son-in-law."

TODAY'S BEST LAUGH: "New Yorkers are people who get acquainted with their neighbors by meeting them in Florida." (Marjorie Steele).

WISH I'D SAID THAT: There are so many foreign cars—says Richard Roffman—before crossing the street, you should look right, left and down.

EARL'S PEARLS: "Our neighbor's wife is very proud of her husband's will power. He promised not to watch football on television for another eight months." (Leo Aikman, Atlanta Constitution).

MEMORABLE WORDS: "A pin has as much head as some authors and a great deal more point." (George D. Prentice).

Jackie Gleason was at the Tennessee and pointed to a man at the bar. "He certainly can hold his liquor," said Jackie. "I was at his house all night and he never offered me a drink." That's earl brother.

## Sen. Paul Thuet Leads Minority Group in Senate

Sen. Paul Thuet

By THE ASSOCIATED PRESS

Sen. Paul Thuet, 46-year-old South St. Paul attorney, is one senator who always knows the score.

Sen. Thuet is the leader of the minority group. He knows that in any conservative-liberal split in the Senate he is certain to lose and by a score of 43-24.

Why, then, does he so often engage in the battles?

"It is because I believe so strongly that the protection of the rights of minorities is so basic in our democracy," he explains.

He points to the fact that most liberal members have been given committee assignments satisfactory to them; this session as evidence that the continuing fight of the liberal minority is bearing fruit.

Thuet, serving his second four-year term, is a member of the committees on Taxes, Civil Administration, Judiciary, Agriculture, Municipal Affairs and General Legislation.

A graduate of the University of Minnesota and the University law school, he worked as an insurance company claims manager before he began practicing law in South St. Paul in 1947. He served as city attorney from 1947 to 1949 and was acting municipal judge from 1950 to 1958. He was state enforcement officer for the Office of Price Stabilization in 1951 and 1952 and is an Army veteran of World War II.

His name, incidentally, is pronounced "Toey."

In his first two sessions he was active in connection with lobbyist registration and conflict of interest legislation.

Currently he is working for overall improvement of the laws applying to adult crime and juvenile delinquency. He is looking toward completion of judicial reform to make—in his words—"the judiciary philosophically and financially independent."

"We've for a long way to go to have our judges entirely free from political ties and I think that in some areas judges are not well enough paid," he says.

Justin Morrill was the Vermont representative who proposed the land grant college bill and shepherded it through Congress.

Let's take the case of Skimmer, a 6-foot-2 South African with a broad grin that never quite reaches his eyes and the shoulders of a professional fullback.

Skimmer has a fund of natural charm if you don't notice that the green eyes rarely smile. He is bluff and hearty and talks easily.

Now that the fighting was over, what did he worry about?

"I suppose I won't get the last of my pay," he said. "I don't see how they can pay that now and I can use it."

Mercenaries got around \$1,000 a month with half paid in foreign currency, the rest in Katangan francs. Skimmer thought the pay wasn't bad. "They gave us three months in advance when we signed up."

About half of his enormous right bicep had been shot away by automatic rifle fire. He walked to a dressing station and got back into the fighting after treatment.

"This arm isn't ever going to be the same again. I lost too

## Voice of the Outdoors

Fish and Zero Weather

With 19-inch thick ice already covering Lake Winona, work toward the saving of fish in the lake was launched last week by the Park-Recreation Board. Furrows were plowed with the big grader, exposing the top of the ice to the sunshine. Work was done above and below the Huff Street dike.

There's little danger as yet of fish suffocating under the ice of sloughs or backwaters, Robert C. Nord, fisheries coordinator for the Upper Mississippi River Conservation Committee, stated today.

Heavy ice alone is not hazardous to fish life. It is the combination of heavy snow on top of such ice that is deadly.

Backwater fish will move out of shallow areas when the ice thickens to narrow the margin of water between the ice and the slough bottom. They will seek the warmer water of deeper holes.

Nord pointed out that the water under the ice is warmer as depth is attained. This is the reason that fish gather in deep places, generally in cold weather. This, of course, is not true of the active and heavier feeding fish in winter such as crappies, that are often found by fishermen just below the surface of the ice when they are feeding. When sleeping or dormant, these species will be in deep places also.

Today, during this unusual cold spell, Nord points out that the river is practically all covered with ice. The sectors in the La Crosse

area, normally open, are now frozen over. The only open water at the present time is the small areas immediately below the channel dikes.

The sharp Northwest, coupled with subzero readings, cut down the number of fishermen on the ice to near zero Sunday and pulled the curtain down on most contests. It was a day when the fisherman with a good well-heated fish shack got real dividends on his investment. Fish house fishermen generally got fish over the weekend.

There was a handful of hardy fishermen with their backs to the wind fishing at most of the popular fishing spots both Saturday and Sunday. Bill Dornack, census taker for the Whitman pool, reported a dozen open air fishermen on Spring Lake Saturday afternoon. He counted nine cars on windswept Lake Winona Sunday afternoon.

Despite the fact that the fishing contest of the Brice's Prairie Conservation Club on Lake Onalaska was postponed until next Saturday by the weather, there were probably two score of open air fishermen, plus a good fish-house population, on the ice there Sunday afternoon.

The American Legion Post at Lake City also postponed the annual contest for more favorable weather. The wind blew so strong on the lake that it was difficult for an individual to walk on the ice.

Master Exams To Be Given at Winona State

Advanced tests in education will be given at Winona State College Feb. 2 for graduate students who are candidates for master of science degrees in education.

Dr. Frank Van Alstine, director of graduate studies and field service, said the Miller Analogies Test and the Graduate Record Advance Test are required by the Graduate Council for all applicants for masters' degrees.

The tests are used in counseling graduate students. Dr. Van Alstine said. Results help determine the probabilities of successful completion of required studies by candidates.

much muscle. Still got a machine-gun slug in my hip. It's not comfortable."

Did he want to join up some other venture?

"Not me. But I hope I get the last of my pay. I can use it. I got a relative in South Africa who runs a little garage I'm going to go in with him."

Skimmer didn't want to talk much about the fighting, but he obviously was chagrined at the way he had been captured.

"I nipped into Elisabethville for a good dinner. First thing I know I was surrounded by guns."

"I expect we'll be sent off pretty soon now. It's been all right here. Absolutely no abuse, no bad treatment. The food is good, we've got no complaints."

It was hard to imagine him poking into the creaky workings of an automobile in a South African garage.

YOUR INCOME TAX—NO. 2

## Use Correct Tax Forms in Filing

(Editor's Note: There are several forms which citizens use to file federal income tax returns, and it is important that the proper one be used. This article, second of a series, explains the different types and how income is reported.)

By JAMES MARLOW

WASHINGTON 17—The two main forms for filing out your 1962 income tax return are 1040 and 1040A. The latter, a punch-card, is simpler.

Anyone can use 1040. People with \$10,000 or more income must use it. Only under-\$10,000 people can use 1040A and only if they meet certain rules.

On both forms you must figure your own tax if your income was \$5,000 or more.

You do this from the tax rate schedule on page 9 of the 14-page instruction sheet sent all tax-payers by the Internal Revenue Service IRS.

On both forms under-\$5,000 people can find their tax, without figuring, in the tax table on page 10 James Marlow of the instruction sheet.

You can not use either the tax table or 1040A if you want to itemize deductible expenses. You must use 1040. More on that later.

Take 1040A. You can use it if:

1. Your under-\$10,000 income was entirely in wages from which tax was withheld except for no more than \$200 in dividends or interest or wages from which tax was not withheld.

2. You're willing to accept for deductible expenses the standard deduction of 10 per cent on your income—up to a maximum deduction of \$1,000—without itemizing.

Anyone claiming more than that standard deduction must itemize on 1040.

The tax table for under-\$5,000 people has built into it a deduction of 10 per cent for personal expenses. You don't have to claim it or itemize to prove you had that much deduction.

When you figure your own tax you can claim without itemizing a deduction of 10 per cent of income up to a \$1,000 limit.

You can not use 1040A if you wish to file a return as head of household or surviving spouse, were self-employed, claim credit for retirement income, are delinquent in filing your return, claim exclusion for sick pay, or paid an estimated tax in 1962.

If you're one of the under-\$5,000 people using 1040A and don't want to look up your tax in the table, fill out your return and send it to the IRS district collector.

He'll find your tax for you and (1) bill you for any tax still owed or (2) send you a refund if too much tax was withheld from your pay in 1962.

When a husband and wife file separate returns and one itemizes deductions, both must itemize and claim only what each can prove.

Neither, in this case, can use 1040A. Both must use 1040.

(New rules on deductions for travel, entertainment and gift expenses for business purposes went into effect Jan. 1, 1963. They require far more record-keeping than in the past but do not apply to 1962 expenses.)

You are allowed to exclude from your reportable income the first \$50 of dividends you receive. You can do this by leaving out the first \$50 of income you report on 1040A; 1040 filters use Schedule B.

(Note: The so-called dividends you get on your savings in a savings and loan association are in fact interest and must be reported as interest, not as dividends.)

no place for it. You must use 1040.

Some notes on 1040: It's in several sections. Most people will need only the first sheet—pages 1 and 2—with questions on both sides.

That's all you'll need if your income was entirely from wages and salary. But there are other parts to 1040—Schedules B, C, D and F—to fit people with other kinds of income.

You'll need B if you had dividends or interest or if you had income from rents, royalties, pensions, annuities, partnerships, estates, trusts, and so on.

You'll need C if you were self-employed or had income from a personally owned business or profession. You'll need D if you had income from the sale or exchange of property; and F if you had income from farming.

Those using these various schedules will, of course, also have to use that main sheet of 1040.

## How Our Budget Effects Economy

(Editor's Note: — Don't let those big figures scare you off—the federal budget really is about you. In this, first of two self-contained articles on the budget, Sam Dawson, AP business news analyst, discusses how the budget affects the economy, especially this year.)

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—The federal budget is a hefty compilation of figures and estimates so complex that even an electronic computer might flinch at sight of it. But it can affect the lives of all citizens.

Depending on what Congress finally does about the one submitted by President Kennedy, the budget can touch you in many ways—your job, your profits, your taxes, your pension, even your cost of living.

The formal budget which the President is required by law to present to Congress each January may affect you less than the actual cash budget which shows what the Treasury expects to take in and to pay out. The cash budget is about one-fifth larger than the administrative or formal one. And it estimates a deficit of \$10.3 billion in the fiscal year starting July 1.

The Treasury would thus be putting that much more money into the economy than it would be taking out. This could spur economic growth, provided it didn't set off price inflation that would nullify the benefits.

If the budget proposed a surplus, it would mean taking more out in taxes than the Treasury was putting back in by spending. This could brake any inflation. But under present conditions, it might feed a recession—just what nobody wants, or right now expects.)

The parts, as well as the whole of the budget affect you. High taxes, for example, take out of the stream of industry and trade money that might be used by consumers and business firms to buy goods and services.

The argument for cutting taxes, as the new budget proposes, is that lower taxes will spur the economy. This could create jobs or lengthen work weeks. It could mean more profits for business, higher incomes for individuals, and more incentive for both to get going.

Spending programs affect all taxpayers and countless individuals who receive money directly—government pay checks, veteran benefits, jobless compensation—or persons whose jobs depend on government orders. The special government spending programs touch many communities as well as industries. Some of the spending is for loans or public works which may return money to the Treasury and to the communities.

So that leaves the most problem: Just where do the benefits from spending offset the drag of taxes on the economy?

And in the case of the present budget, there's the problem of the effect of a \$10 billion or more Treasury deficit on the economy.

Much of the effect of the budget on the value of the dollar and the cost of living depends on how the deficit is financed.

If the Treasury raises the \$10 billion or so by selling short-term securities to the banks, the supply of money and credit would be inflated, and perhaps with bad effects.

## HUNGRY For The Truth

This young man is just one of the 80,000,000 once-free people of Eastern Europe.

They are still resisting—in Poland, in Czechoslovakia, in Hungary, Bulgaria and Rumania—the ruthless domination of Communism. But they, and particularly their children, are being fed a poisonous diet of lies.

There is an antidote to this poison. Its name is Radio Free Europe. Broadcast through 28 powerful transmitters, daily messages to these captive people bring shining rays of truth to expose their lies.

Radio Free Europe is one of the Free World's major weapons in the cold war. It is supported by American private citizens.

And it needs your help. In the fight against Communism, Radio Free Europe offers you the opportunity to stand up and be counted. Send your dollars!

## Receipts Exceed Expenditures at Fountain City

FOUNTAIN CITY, Wis.—According to the financial statement of the year, receipts by the municipality of Fountain City in 1962 totaled \$138,909 and disbursements were \$134,214, leaving a balance on hand Jan. 1 of \$4,694.

Receipts and disbursements included tax collections for county, state and schools. County and state tax totaled \$21,360 and the school, \$43,870.

The cemetery perpetual care fund totaled \$21,480 at the end of the year, plus 78.84 shares of Investors Mutual Stock.

City indebtedness on Jan. 1 this

year was \$92,600, including \$83,000 in utility bonds and the remainder in bank notes.

Receipts of the sewerage system fund during the year were \$10,012 and disbursements, \$8,972. Balance on hand Dec. 31 was \$6,919, which included a balance at the beginning of the year.

## London Couple Prefers Quiet Island Life

LONDON (AP)—Jeffrey Forse, 21, and his wife, Christine, 19, are on their way to Australia's Great Barrier Reef to look for an island home away from the rush of city life and the threat of nuclear fallout. Nineteen others are supposed to join them after they've chosen an island. The group community plans to establish a life where there will be no money and all work will be shared.

## Dog Not Always Man's Best Friend

RICHMOND, Va. (AP)—Two Richmond teen-agers aren't convinced the dog is man's best friend. Early Monday a bus driver spotted two boys inside an automatic laundry, breaking open coin boxes on the machines. The boys saw the driver and ran out the back door. The driver, who wasn't identified, slammed the door in time to trap their dog, then called police.

R. S. Price opened the door and side one shoe. The bus driver said they were the lads he'd seen inside a house a block away. The laundry. The teen-agers were placed in year-old boys, one with coins in the juvenile detention home.

## Olmsted Board Asking More on Driver License

ROCHESTER, Minn. — Asserting that the cost of processing driver's license applications and renewals exceeds revenue received by the County, the Olmsted County Board of Commissioners is asking a change in state statutes to allow the county a larger share in receipts.

The 1962 report of County Clerk of Court Rosemary Forbes showed that during the year her office processed nearly 15,000 applications but received only a little more than \$2,700. She said, "That isn't even enough to pay the salary of one clerk and two girls can't begin to handle the job alone."

**THE COUNTY** receives what amounts to about 10 percent of the total collected for processing applications and the rest is turned over to the state. One commissioner commented, "Our office is only a collection agency for the state and I can't see any sense in applications being taken there in the first place."

"Commissioner John Carney was instructed by the board to write state legislators informing them of the county's feelings and asking for a change in the law."

Fees of all kinds collected by the clerk of court's office in 1962 and retained by the county totaled \$25,410. This was the second year that the office had operated on a straight salary system rather than a fee system.

**LAST YEAR** a total of \$170,185 was handled by the office, most of it money in trusts, bonds and reciprocal support actions for which no fees are collected.

The clerk's annual report showed that during the year 2,620 births, 1,542 deaths, 555 marriage licenses and 302 passports were recorded. There were 670 general civil cases, 47 criminal matters and 17 paternity actions handled.

## 325 Honor Priest At Arcadia Dinner

ARCADIA, Wis. (Special)—Approximately 325 guests attended a banquet Sunday honoring the Very Rev. Joseph Andrzejewski, pastor of St. Stanislaus Church and Wisconsin state chaplain of the Knights of Columbus.

The banquet was held after Father Andrzejewski celebrated a high Mass at 11 a.m. Among the guests who attended were civic leaders from Arcadia, state Deputy John Koch, Sauk City; past

state deputy Robert Bodden, Plattville; and state Treasurer Lee Everts, Appleton. District officers and Knights and their wives also attended.

**THE REV. Leon Tice**, pastor of our Lady, Queen of Heaven, Wisconsin Rapids, was toastmaster. The Rev. Edmund Klimmek, Independence, council chaplain, gave the invocation.

La Verne Sossalla, Arcadia grand knight, gave the K. of C. welcome. Stanley Wiersgalla welcomed the guests for Mayor Orvin Angst. Three St. Stanislaus elementary students, James Misch, Dennis Rossa and Gerald Pehler, sang.

State Deputy Koch discussed the life of a priest and the work of a chaplain of a large Catholic organization. He singled out the work done by Father Andrzejewski.

A quartet, the Sobotta Sisters, sang before the awards were presented to Father Andrzejewski by councils of district 34, St. Stanislaus Holy Name Society, Rosary Society, ushers, and grade school children.

The Rev. Donald Theisen, Whitehall council chaplain, gave benediction to close the program.

**FATHER Andrzejewski** has been pastor of St. Stanislaus 40 years. His first assignment was as assistant at St. Peter and Paul Church, Independence. In 1918 he was appointed pastor of St. Michael's, North Creek. He became pastor at Arcadia in 1922.

He has served as chairman of the fund-raising drive for the new Holy Cross Seminary, La Crosse, and also was diocesan director of the Catholic Rural Life Conference. He has helped with the Trempealeau County war bond and Red Cross drives. He was Wisconsin state chaplain of the Elks 10 years. He was named state K. of C. chaplain last July. He also is dean of the Arcadia Deanery.

## Lanesboro Names New Fire Chief

LANESBORO, Minn. (Special)—Edmund Gatzlaff was elected chief succeeding Lawrence B. Mordahl when Lanesboro firemen held their annual banquet and meeting at the White Front Cafe.

Their wives, village officers, including the council, commission and marshal and their wives were special guests. There are 20 members in the department, and 11 honorary members.

Arnold Aakre, secretary, reports 21 fire calls in 1962—15 rural and 6 village. There were 6 fire drills.

Purchases the past year included a resuscitator, \$350; 450 feet of 1½ inch hose, \$485, and a nozzle, \$55.

Other officers elected: Gordon Peterson, treasurer; Leroy Erickson, first assistant chief; Virgil Bothun, secretary and second assistant chief; and Lynn Iverson, third assistant chief. Mordahl and Aakre will retire in February.

## 14 Reasons Why RAMBLER '63 Wins Motor Trend Magazine's Award as "CAR OF THE YEAR"

Rambler Classic 770 Four-Door Sedan

Rambler won this great distinction over all other cars. How come? Read these comments from the Motor Trend experts who tested the American, Classic and Ambassador:

1. You get room for six 6-footers. "Interiors of both Classic and Ambassador are roomy and comfortable . . . plenty of leg-room."
2. "Classic and Ambassador have cleaner, more functional design . . . apparent from almost any angle."
3. "The basic-engined Classic gave an overall average of 23.1 miles per gallon."
4. "The Ambassador V-8 is a sportier, more performance-oriented vehicle" (test car had opt. 270 HP V-8, 250 HP std.).
5. "Rambler is now one-up on every other car" . . . with its new sports-car option, Twin-Slick Floor Shift with overdrive.
6. New Advanced Unit Construction . . . "results in a unit

so strong it'll take punishment longer and, naturally, hold its resale value."

7. Rambler's exclusive "reclining bucket seats with headrests are options well worth the extra expenditure."

8. "Rough roads can be stormed with confidence. There isn't any pitch or choppiness noticeable."

9. All Ramblers have, in effect, "two separate braking systems for the front and rear wheels. If either one should suddenly fail, the remaining one can bring the car to a safe stop." Self-adjusting brakes standard.

10. "Quality has always been one of American Motors' largest selling points and continues to be in the new models."

11. The sedans' trunks are "large with a good amount of usable space."

12. "We've never seen a heater that produced more heat. At its maximum it should be up to any climate."

13. "In addition to long-recognized owner-appreciation features . . . the factory has doubled the new-car warranty to 24 months or 24,000 miles."

## Lincoln PTA Plans Benefit Card Party

A public card party for the benefit of the Lincoln PTA will be held at Lincoln School gymnasium Feb. 16 at 7:45 p.m.

Games to be played will include 500, schafkopf, court whist and bridge. There will be attendance and game prizes. Sgt. L. B. Bell, president, announced committee members for the party at the PTA meeting Monday.

The program included two movies which are shown to the children and a film strip. Explanation of their use in the classroom was made by David Mahle, Lincoln principal.

The meeting was informal with coffee and cookies being served during the program. On the kitchen committee were Mrs. Cecil Haskett, Mrs. Gordon Fay, Mrs. Bud Squires, Mrs. B. A. Miller and Mrs. Gerald McVey.

The fourth and fifth grade rooms were open for visits by parents before the meeting. The attendance prize went to Miss Gayle Goetzman's fifth grade.

President Bell announced that the charter for Lincoln Cub Pack had been renewed.

## Catholic Women Hear Report on National Council

Mrs. Harry Losinski summarized events of the National Council of Catholic Women's convention she attended in Detroit at the meeting of the Cathedral Council of Catholic Women Monday evening.

The workshops at the convention were made up of panel discussion with representatives from the United States, Canada, Italy and England. The Rt. Rev. Msgr. John Tracy Ellis, a former faculty member of the College of Saint Teresa, spoke on the challenge for Catholic women.

He said a woman has four aims — she must maintain fidelity to the nature of woman, strive for the sanctification of herself through prayers and good works, achieve formation of her thought patterns in the mind of the church and gain personal training to the highest degree of competence in which she is capable in whatever career or vocation she has elected to follow.

Mrs. Robert Oram and Mrs. Joseph Richardson demonstrated the work of the parent-education committee. This committee visits parents of young children to promote religious training in the family.

Mrs. Paul Koprivsky presided at the meeting. Mrs. J. G. Hoepner asked for new materials for quilts for the Pope's Storehouse and for materials for layettes.

The sewing will be a Lenten project each Thursday afternoon in cathedral hall. Mrs. Hubert Weir urged reading of selected pocket book editions. A list of recommended titles will be posted in the church.

Social hour was conducted by St. Dorothy's Guild with Mrs. Archie McGill and Mrs. R. W. Meyers as co-chairmen.

## Islands Lack Insects, Travelog Speaker Says

Four hundred Winonans basked in tropical sun in the Exchange Club travelog trip to "Netherlands Antilles" Monday evening at Winona Senior High School auditorium.

Marion Dix who traveled alone on her trip through three small islands in the Caribbean off the coast of Venezuela narrated the program. She was introduced by John Breitlow.

She gave an in-depth presentation of the problems and advantages of living on the islands. There is a fresh water problem, but no insects or snakes thrive. This is attributed to the trade winds.

## Adventists Hit Proposed Sunday Closing Order

MINNEAPOLIS (AP) — Minnesota's Seventh Day Adventist Church says that enactment of a state Sunday closing law would be in violation of civil liberties.

In a report issued Monday night, a church committee said the only closing law that could be classified as promoting social welfare would be one requiring business shutdowns one day in seven, but without specifying the day.

The Rev. George R. Elstrom, chairman of the group which drew up the seven-page report, said any such law would strike a frightening blow at basic freedoms.

"It is the right of every American to be free to work on Sunday, if he so desires," said the summation. "No pressure group, political threat or religious implication should stand in his way if he wishes to carry a lunch pail to work on Sunday morning."

The statement came only shortly after a subcommittee of the Minnesota Council of Churches, representing Protestant denominations, had gone on record for backing a Sunday closing law.

## Houston County To Sell Bonds For Road Project

CALEDONIA, Minn. — Notice has been published that the Houston County Board of Commissioners will consider sealed bids Jan. 30 at 2 p.m. for purchase of \$200,000 state aid highway bonds of the county.

The bond issue is for construction of CSAH No. 3 from Brownsville easterly. It is a project begun last summer in cooperation with Brownsville village. It begins at State Highway 28 at Brownsville and extends through the main street and connects with County Road 3 up the valley, leading to Caledonia. The project, including a bridge, was graded and surfaced with crushed stone last year, and will be blacktopped this year, according to plans.

Link Bros. & Lampert, Freeburg, had the grading job and Brennan Bros., Lansing, Iowa, the bridge contract.

The bond issue is to run through 1968; principal of \$40,000 payable each year beginning Feb. 1, 1964.

## State Crimes Jump 6.4 Percent in '62

ST. PAUL (AP) — Minnesota had 32,365 major crimes last year, 6.4 per cent above 1961 and a jump of 125 per cent from a decade ago, the State Crime Bureau reports.

The summary did have some kind words about cold weather — figures showed that fewer crimes occur in January, February and March, because the frigid temperatures keep offenders at home.

St. Paul showed a 17 per cent increase over 1961 and Minneapolis was up 3.7 per cent while Duluth was showing a 5.6 per cent drop.

## Paper Strikes Cut Into Canadian Exports

OTTAWA (AP) — The New York and Cleveland newspaper strikes are cutting deep into Canadian newsprint exports and payrolls.

It is estimated that approximately \$11 million in newsprint exports and \$4 million in wages have been lost since the strikes began in New York seven weeks ago and in Cleveland eight weeks ago.

2 Charged in  
Lake City Theft

WABASHA, Minn. (Special) — Two men were apprehended in Lake City early this morning on burglary charges and were to be arraigned before Judge Kenneth Kalbrener in municipal court at Wabasha this afternoon.

The sheriff's office said Daren Whipple, 22, Zumbro Falls, and Thomas Johnson, 21, Minneapolis, have admitted breaking into Victor Wiech's L-X service station in Lake City last night and taking four tires, three batteries, 10 quarts of oil and two cans of heat, valued at more than \$100. They entered through the back door, breaking the glass and reaching in to unlock it, the sheriff's office said.

Clyde Oliver, Lake City police man, after discovering the break-in, noticed a car driving suspiciously around Lake City. He followed the car to McCahill Hill about three miles west of Lake City on Highway 63. There the pair's vehicle stalled.

Getting assistance from Merlyn Brunkow, another Lake City policeman, Oliver returned them to town and called Sheriff Ed Lager, Wabasha, to whom the pair confessed after questioning. With the help of Deputies Marilyn Aitken and Everett Lorenz, Lager brought them to the jail here.

SPRING GROVE HOSPITAL  
SPRING GROVE, Minn. (Special) — Stockholders of Spring Grove Hospital Inc. will hold their annual meeting Feb. 6 at 8 p.m. in the parish auditorium of Trinity Lutheran Church. Directors will be elected to succeed Dr. L. A. Knutson, Dr. W. G. Rogne, Ellsworth Ulven and Owen Foss, whose terms expire.

Commodity controls were at the heart of Democratic farm policies in the 1960 presidential campaign and proposals submitted by President Kennedy and Secretary of Agriculture Orville L. Freeman in 1961 and 1962 called for mandatory control programs for surplus crops subject to approval by producers.

But both in 1961 and 1962 Congress turned thumbs down on any extension of controls to commodities not now covered by them. Instead, it authorized voluntary payment programs for surplus feed grains for 1961, 1962 and 1963 crops.

A high administration source said legislation will be sought this year to extend the voluntary feed program to 1964 and later grain crops and to dairy production, beginning this year.

He said the voluntary method has proved successful for feed grains. This coupled with congressional and farmer opposition to rigid controls, had prompted the change in thinking, he said.

Under the feed grain program, the government offered payments and price supports to growers who reduced acreages of corn, sorghum grain and barley to help eliminate costly surpluses. These farmers were free to continue plantings at past levels, increase them or reduce them under the payment program.

Woman Replaces  
Sick Mailman

MILWAUKEE (AP)—As far as one attractive brunette window clerk is concerned, the Post Office Department could have waited another day before demonstrating just how devoted it is to the "equal employment" policy that forbids distinguishing between men and women in job classifications.

Mrs. Richards Kureck, 33, mother of two, was at her window in the suburban Thiensville office Monday, with the temperature hovering at a windy 17 degrees below zero when a regular mailman reported ill.

Then another. And another. And another.

Guess who was fifth in line to take the delivery route?

At mid-afternoon—when it had warmed up to 9 below zero—Postmaster Donald Miller said, "She's still out there somewhere. From what we hear, she's doing a great job."

Kennedy May  
Drop Compulsory  
Crop Program

WASHINGTON (AP) — The Kennedy administration apparently has decided it can get further by paying farmers to help reduce surpluses than by trying to compel them.

An authoritative source said Monday the administration will abandon its attempts to get rigid controls and will recommend a voluntary program with payments.

This is expected to be spelled out to Congress — probably in a special message — within a week or so.

Commodity controls were at the heart of Democratic farm policies in the 1960 presidential campaign and proposals submitted by President Kennedy and Secretary of Agriculture Orville L. Freeman in 1961 and 1962 called for mandatory control programs for surplus crops subject to approval by producers.

# Power Credits Fans for Rise

MINNEAPOLIS (AP)—How did the Minnesota Twins move up from seventh to second place in the American League last year? Minnesota fans did it.

That was the verdict of Vic Power Monday night as he talked to the sellout crowd of 1,350 who shelled out \$15 apiece for the annual baseball dinner at Minneapolis' Radisson Hotel.

"Those fans are so close to us, so interested in the players that it makes playing baseball even

more pleasure," said Power, voted the Twins' most valuable player by the baseball writers who sponsored the dinner.

The all-star banquet cast included Joe Cronin, American League president, Calvin Griffith, president of the Twins, and Stan Musial of the St. Louis Cardinals, among dozens of other diamond notables.

Mantle said his most prized trophies were the three "most valuable" awards he won, including that for his team's last season.

Musial told the audience that baseball's future was "in the bag" because the upcoming rookies of the day "are every bit as good as were the oldtimers."

Others who carried away honors presented at the banquet were Gene Mauch, as the National League manager of the year, and the Twins' Harmon Killebrew, for his 48 homers that led the American League in 1962.

After the formalities, local sports scribes hoisted up a gridiron on

which to give a (more or less) friendly roast to those at the speakers' table.

The ribbing was typified by The Associated Press's Lew Ferguson, in the role of President Kennedy, talking to Griffith, in the person of Don Riley of The St. Paul Dispatch.

Kennedy: "I'm worried about the Cuban crisis."

Griffith: "Mr. President, you really don't know what a Cuban crisis is until you get Zoilo Versalles on your ball club."

## Weisbrod Not Able to Play

"We have everything to gain, nothing to lose," Dr. Bob Campbell, Winona State basketball coach, told his Warriors Monday as they prepared for tonight's 8 o'clock game with Mankato State at Memorial Hall.

The Warriors, tail-enders in the Northern States College Conference, have lost four straight games and sport a lusterless 5-9 overall record.

**MANKATO CAME** in with a 10-5 record, fresh from victories over Moorhead and Bemidji, to whom Winona State lost last weekend.

"It's rather frustrating," said Campbell. "I can't put my finger on what's wrong and neither can the boys themselves."

"It's reached the point now where we're tightening up, and we have to get our minds off it and relax."

Campbell has felt the Warriors' defense is as much a problem as anything. "We sat on our heels in the first half against Bemidji and got 11 points behind. It was too much to overcome."

"Tonight we have to be on our toes defensively, shoot a little quicker and keep the pressure on them," he added.

**THE WARRIORS** will be without Chuck Weisbrod who Friday re-injured the ankle he first hurt in a 75-57 loss at Mankato Jan. 12. Guard Mark Dille also is hobbling on his injured knee.

Campbell is toying with starting 6-2 sophomore Jack Kelly at forward and moving Lyle Papenfuss to center tonight. Dick Papenfuss, leading WSC scorer at 16.7, will be at the other forward.

At guards will be either Gary Petersen, Arlie Klinder, Dille or Mike Leahy. Leahy, 5-11 junior, and Kelly have both improved and shown up well in recent games.

**MANKATO'S** probable starters are Les Sonnenb, 16.3 average, at center. John Seifert and Dave Agard at forwards and Joel and Jon Hagen at guards. Agard is averaging 14.4. Jon Hagen 13.7 and Joel Hagen 10.5.

## FLOYD, LISTON REMATCH

# Money May Prove Stumbling Block

MIAMI BEACH, Fla. (AP)—Feynman contracts have been drawn and may be signed today to bring the Sonny Liston-Floyd Patterson return heavyweight championship boxing match to the Convention Hall here April 4.

Al Bolan of Championship Sports, Inc., which will promote the 15-round event, said he was trying to complete negotiations here instead of in New York and expressed belief they would be concluded today.

The only stumbling block could come from the Liston camp, still trying to collect \$207,000 from the fight in Chicago last Sept. 25 when Liston won the title from Patterson.

Jack Liston, advisor to Liston, said he had a copy of the contract but had not received the money he demanded \$165,000 now and the

# Belinsky to Get Second Chance With Angels

By MIKE RATHET  
Associated Press Sports Writer

There are some who claim Bo Belinsky's big pitch is the one he makes off the field.

Belinsky, who ran into more trouble in his first season in major league baseball than Napoleon did at Waterloo, insists it's a sureball.

He says it without cracking a smile. Apparently he is going to get a chance to prove it one way or another during the 1963 season with the Los Angeles Angels, who signed him Tuesday with this guarded accolade from General Manager Fred Haney:

"He could become one of the game's fine pitchers. It's strictly up to him. He has great ability

and if he concentrates on baseball, he can become a great asset to the club, to baseball and to himself."

Belinsky, who came to the majors more celebrated as a pool shark than a pitcher and for a time found it just as easy to put the ball in the strike zone as a sureball, had a sensational rookie year in 1962.

He was third \$250 for after-hours shenanigans, was the subject of a \$150,000 damage suit and was the center of a controversial trade which he eventually helped to kill. He also pitched a no-hitter and posted a 10-11 record.

That pitching record did not make as much an impression on Haney as his antics off the field.

**WAGING A COMEBACK**... Frankie Ryff, former lightweight boxer who is shown with his wife, is waging a comeback nearly a year after he fell eight floors on a construction job in New York's Rockefeller Center. Ryff, who will be 30 in April, is being treated at the Institute of Physical Medicine and Rehabilitation in New York. "He was in a coma for three months," said Mrs. Ryff. "Doctors told me he was a fraction away from death." (AP Photo-fax)

## Wietecha Retires From Pro Football

NEW YORK (AP)—Ray Wietecha, the New York Giants' durable center, is retiring from National Football League play after 10 seasons.

The 33-year-old former Northwestern star will become offensive line coach for the Los Angeles Rams under his ex-teams' coach, Harland Stave.

Wietecha was left holding the bag, and Belinsky. Now he is out of the doghouse, in the fold and ready to make a pitch for a front-line job after kissing and making up with the Angels.

In a recent letter to Haney and Manager Bill Rigney, Belinsky promised that his bright lights days were over.

While Belinsky was accepting terms, Minnesota first baseman Vic Power chose an unusual moment to agree to his. Twins' President Cal Griffith mentioned

ST. PAUL-MINNEAPOLIS (AP)—Wisconsin quarterback Ron VanderKelen accepted a pro football contract from the Minnesota Vikings today.

Terms were not disclosed, except that it was a one-year contract with the National Football League club.

VanderKelen, sought early since his record-setting performance in the Rose Bowl, signed about 30 minutes after arriving by plane from Madison, Wis.

## Schayes to Set NBA Record At the Garden

NEW YORK (AP)—There will be a touch of nostalgia for basketball fans at Madison Square Garden tonight.

On the same court where he used to star for New York University, 34-year-old Dolph Schayes of the Syracuse Nationals will become the first player in the history of the National Basketball Association to play in 1,000 regular season games.

The vehicle for this latest milestone in the career of professional basketball's Iron Man is the first game of an NBA doubleheader pitting Syracuse against St. Louis. Boston plays New York in the second game. In another game tonight Detroit is at San Francisco.

Detroit opened its West Coast trip Monday night by losing to Los Angeles 124-94 as the Lakers started a new winning streak after their 11-game string was snapped by Boston Sunday. It was the only NBA game scheduled Monday.

Since he joined Syracuse 15 years ago after his graduation from NYU, Schayes has become synonymous with durability in the tough pro league. Actually he has played in 1,109 NBA games, including 999 regular season games, 93 playoff games and 12 All-Star games.

Old No. 4, the number Schayes wears on his jersey, set an NBA record last year of playing in 706 consecutive games before a fractured cheek bone temporarily put him on the bench. Every time he scores a point or grabs a rebound he breaks his own all-time NBA record.

Going into tonight's game, Schayes has scored 11,771 regular season points, 5,970 field goals and 6,831 fouls, an average of roughly 19 points per game.

# Hawks Eye 5th in Row

"This is our last tough week," said Coach John Kenney this morning. "If we can get by this one, then we'll have only one game a week until late in the season."

**THE WINONA** High mentor sends his Winhawks against La Crosse Logan at 8 o'clock tonight at WIS without too much advance preparation due to Friday's game at Faribault and a junior varsity game Monday at La Crosse Central.

"We had some drills Saturday morning and the top eight worked out briefly Monday night," said Kenney.

The Hawks host Northfield here Friday night and after that play only three games in three weeks.

"I'M GOING TO start giving the kids a day off after this week," said Kenney.

Winona will be shooting for its fifth straight triumph tonight, hoping to repeat an earlier 36-59 triumph over the Rangers at La

Crosse. That win came four days after an upset over La Crosse Central and proved to be a turn in the road for the Hawks.

Kenney will go with his steady five of Wulf Krause and John Prigge at forwards, Jim Kasten at center and Marty Farrell and Steve Keller at guards.

The Hawks had no great difficulty with Logan's 6-4 center Gary Adels in the previous meeting but he still poses a problem in the much shorter Winhawks.

**WINONA RAN** up an 84-77 triumph over Faribault Friday night as Krause poured in an even 30 points. He got 21 against the Rangers Jan. 8 and leads the Hawks' individual scoring with a 15.9 average. Prigge, who flipped in 27 against Central, is averaging 10.1. Meanwhile, Vic Gislason, Winona High athletic director, extended a special invitation to downtown merchants to attend tonight's game.

"Because of the Friday night store hours, merchants can't get away to see our home games," said Gislason. "but tonight will offer a chance for them to watch the Winhawks." Winona plays no more Tuesday home games this season.

## Iowa Proves Spoiler With 60-59 Victory

By THE ASSOCIATED PRESS

Illinois, Indiana, and Minnesota, the top three contenders in the Big Ten basketball race, felt no joy when Iowa edged Michigan State, 60-59, Monday night.

Iowa's triumph prevented Michigan State (22) from climbing into a third place tie with Minnesota (3-1) while Illinois (4-0) and Indiana (2-0) remained the league's untouchables through idleness.

# Loyola Captures 17th Win in Row

By JIM HACKLEMAN

Associated Press Sports Writer

Note to Loyola of Chicago's future basketball opposition: If you are waiting for Rambler coach George Ireland to run thin in the talent department, don't hold your breath.

The fast-moving rambblers, ranked second in the nation and the country's highest-scoring major college team, have a lot going for them—and that includes youth.

**Jerry Harkness** is the only senior on Loyola's unbeaten roster. The four other starters are juniors—John Egan, Les Hunter, Vic Rouse and Ron Miller. There is a competent crop of sophomores in reserve, headed by Billy Smith. Harkness and his junior partners carried Loyola to its 17th season victory Monday night, winning a reasonably tough one at Ohio University 80-72.

In other games on the abbreviated schedule—Loyola squeaked by Michigan State 60-59 in the Big Ten, Notre Dame overpowered Purdue 96-86, and Georgia whipped Stetson 99-80.

The youthful Rambblers, who clicked last season for a 22-4 record and third place in the National Invitation Tournament, overcame Ohio University with their featured strong point—all-around firepower. Harkness led with 20 points, Rouse added 17, Egan 16, Hunter 13 and Miller 12. For the season, Loyola is averaging 88 points per game.

## Wilt Behind Last Year's Scoring Pace

NEW YORK (AP)—Things are getting rougher for Wilt (The Stilt) Chamberlain of the San Francisco Warriors in the National Basketball Association.

The perennial No. 1 league scorer suffered his worst week in his four-year NBA career when he scored only 17 points in four games last week. This is an average of 29.3 compared to his season average of 46.2 for 47 games which leads the league.

While his 46.2 average on 822 field goals and 466 foul shots for 2,170 points is far ahead of the 33.7 for runner-up Elgin Baylor of Los Angeles, Chamberlain is off from his 30-point per game average of last year. And the most points the 7-foot-1 former Kansas All-American has made in one game this year is 73 points compared to his record 100 last season.

League statistics released today include games through Sunday.

Bill Wedward kicked 27 extra points in 26 attempts for Embury Dartmouth last fall.

**KEGLERS LANES: Satellite** — Evelyn Tripp of Lane's Micholob laced 184-486. Her mates shot 898-2,509.

# To Vie for Hockey Lead

**By THE ASSOCIATED PRESS** — North Dakota's Sioux have a golden opportunity this weekend to take charge in the Western Collegiate Hockey Association.

The Sioux, 4-1-1 in the WCHA, host Denver, 6-2-4, for a matching 750 percentage, in a showdown for the conference leadership at Grand Forks.

A North Dakota sweep would put the Sioux in the driver's seat in their bid to unseat Michigan Tech as WCHA champion.

Other activity this weekend has Minnesota at Colorado College for a two-game series and Michigan Tech at Michigan State for a pair.

North Dakota 4, 1, 1, 750  
Denver 6, 2, 4, 750  
Minnesota 5, 2, 3, 500  
Michigan Tech 4, 2, 2, 500

# Taylor Released From Hospital

**BATON ROUGE, La. (AP)**—A weak Jim Taylor, star fullback of the National Football League champion Green Bay Packers, rests at home today after learning he suffers from hepatitis.

Taylor returned home Monday after his attending physician confirmed the virus of hepatitis was causing loss of weight.

The physician reported, however, that the 211-pound former Louisiana State star was showing excellent powers of recuperation.

Barring complications, his doctor said, "it is anticipated he will be able to resume normal activities in the not too distant future."

## DORSCH HITS LONE 500

Two teams dented the top ten in Class A and three made it in Class B in the Winona Women's City bowling tournament Monday night at the Athletic Club.

Homeward Step shot 2,575 with 358 pins handicap to take over fifth place in the Class A standings, behind front-runner Main Tavern. Alvina Moler paced the Steppers from the Hal-Rod City Loop with a 465.

**SEVEN-UP**, another Hal-Rod entry from the Pin Dusters League, moved into sixth position with 2,541, led by Marlene Halliday's 476 anchor.

In Class B, Tews Garage of the AC Go-Getters Loop went into fourth place behind leading Warr-nik's Market. Tews shot 2,457 with 632 free sticks.

Two other teams from the same circuit grabbed fifth and sixth places: Kramer Plumberettes hit 2,452 and Graham & McGuire 2,437.

**ONLY ONE 500 total** was posted among the 12 teams competing Monday night. That was a 521 by Elsie Dorisch for Haddad's of the H-R City. She had a 193 single game high but her team's 2,427 was short of the top ten.

The women's meet continues tonight this week with two squads at 6:45 and 9 p.m. through Saturday night. Doubles and singles competition starts Sunday afternoon.

Low payoff in last year's team division was 2,499 in Class A and 2,399 in Class B.

## Brown to Attempt Second Comeback

**HOUSTON (AP)** — Joe Brown will try to prove there's still life in those old bones tonight when he crawls through the ropes for his second comeback bout after losing the lightweight title.

The 37-year-old former king of the 135-pounders takes on Tony Noriega of Bakersfield, Calif., in a 40-round main event at the City Auditorium.

Brown lost his title to Carlos Ortiz last April in Las Vegas and then dropped another decision to Luis Molina in August. He didn't look either time like the fighter who beat Wallace (Bud) Smith for the title in 1956.

Now after a long layoff, Brown says he is eager to find out what he can do against Noriega, a youngster who resembles Molina in the ring.

## 60-GAME PREP STRING SNAPPED

**MILWAUKEE, Wis. (AP)**—Wisconsin's longest high school basketball victory streak was snapped Saturday night when Milwaukee Lincoln, state champion the last two years, lost to Milwaukee North 66-75.

The Comets had won 60 games in a row, dating back to 1960-61, and had a 63-game string going in the Milwaukee City Conference since 1958-59. North victory gave it the conference lead with a 10-0 start.

## Bearcats Head Cage Poll 8th Straight Week

**By JOE REICHLER**  
Associated Press Sports Writer

Cincinnati's all-conquering Bearcats remained the undisputed leader among the nation's college basketball teams for the eighth straight week today.

The mighty Bearcats, bent on an unprecedented third straight national championship, made their season record 14-0 last week with a Missouri Valley Conference victory over Bradley.

The triumph, first for Cincinnati at Peoria after five straight losses there in as many seasons, prompted the AP's 45-man panel of sports writers and sportscasters to make the "Cats an unanimous first-place choice in the weekly poll. It was Cincinnati's 32nd straight victory over a two-season span.

Loyola of Chicago and Illinois, which have been dogging the Bearcats all season, continued in the Nos. 2 and 3 roles but Arizona State dropped from fourth to fifth and Ohio State, sixth a week ago, dropped out of the top ten altogether as Mississippi State returned to the select group.

Duke moved up a peg replacing Arizona State in fourth place and West Virginia jumped three notches, from ninth to sixth. Georgia Tech, Wichita and Stanford retained the seventh, eighth and tenth places, respectively.

Cincinnati amassed the maximum 450 points, based on 10 points for each first-place vote. The Ramblers of Loyola, who rolled over Kent State for their 16th triumph without a defeat, retained second place by a narrow margin over Illinois, 379 points to 358.

The once-beaten Illinois strengthened their hold on first place in the Big Ten with a 76-76 victory over Northwestern for their 12th triumph.

The top ten, based on total points allotted 10 for a first place team, 9 for second, 8 for third and down to 1 for tenth place:

Rank	Team	Points
1	Cincinnati	450
2	Loyola	379
3	Illinois	358
4	Duke	358
5	Arizona State	358
6	West Virginia	358
7	Georgia Tech	358
8	Wichita	358
9	Stanford	358
10	Mississippi State	358

Other teams receiving votes, listed alphabetically: Auburn, Bradley, Colorado, Colorado State, DePaul, Iowa State, Kentucky, Miami, Minnesota, Niagara, North Carolina, Ohio State, Oklahoma State, Oregon State, Pittsburgh, Providence, St. Bonaventure, St. Joseph's, St. Louis, Seattle, Texas, UCLA, Wake Forest, Wisconsin, Wyoming.

## Bucyk Cops NHL Scoring Lead

**MONTREAL (AP)** — Johnny Bucyk, 27-year-old left wing for the last-place Boston Bruins, has taken over the National Hockey League scoring lead from New York's Andy Bathgate and is headed for the best season of his eight-year NHL career.

Bucyk, who came to the Bruins in the 1957 trade that sent goalie Terry Sawchuk to Detroit, scored five points last week and now has a total of 46 on 20 goals and 26 assists, according to league statistics released today. Bucyk's personal high in the NHL is 60 points.

Bathgate, who picked up only one assist last week, has 45 points.

## VIKING COACH LED TO SAFETY

**ISLE, Minn. (AP)** — About 100 fishermen were led to safety on Miller Lake last Sunday when white-whipped snow reduced visibility to zero.

Among them was coach Norman Van Brocklin of the Minnesota Vikings, who had gone fishing with Don Simonson of St. Paul. They were in a house of three miles out on the lake. The temperature was around 25 below.

Van Brocklin said, "I can't remember when I've ever been so cold."

Elk's 2 1 TV Signal 1 7  
UCT 2 1 Bubs 1 8

Elk's maintained its first place lead in the Park-Rec Midget League Saturday by swamping TV Signal 41-29. UCT squeaked by Bubs 25-23.

Doug Emanuel and John Walski fired in 11 and 10 points respectively for Elk's. Pat Hopf was high for TV Signal with nine.

It took a last second rally for UCT to notch its victory. John Ahrens counted 17 for UCT. Dave Bauer scored nine for Bubs.

# Packers Named Team of Year by Sports Writers

**GREEN BAY, Wis. (AP)**—Two words, "team" and "pride," were spoken and respooken by the Green Bay Packers as they swept to a second straight National Football League championship in the 1962 season.

"This is a proud team...this is a proud defense...this is a proud offense...everybody believes."

These were some of the comments of players and coaches as the mighty Packers roared through the season with only one defeat in 14 games and topped the campaign by whipping the New York Giants 17-6 in the championship game.

The Packers pride, principles and accomplishments were recognized by the nation's sports writers and sportscasters when Green Bay was announced Friday as the 1962 "team of the year," in a selection based on an Associated Press poll.

"We naturally are happy at the selection," said Packer Coach and General Manager Vince Lombardi. "It's a real honor and a tribute to the players."

The Packers were a better than 2 to 1 choice over the baseball champions, the New York Yankees. The Packers received 121 first-place votes from the 191 writers and sportscasters participating in the poll. Green Bay received 492 points on a 3-2-1 basis. The Yankees got 43 first-place votes and 223 points.

**Completing the top ten** were the National League champion San Francisco Giants, 217 points; the Cincinnati Bengals, two-time winners of the NCAA basketball title, 201; Southern California's No. 1 ranking college football team and Rose Bowl winner over Wisconsin, 140; the New York Giants, two-time winners of the Eastern Conference title in the NFL, 57; Wisconsin's Big Ten football champions, 34; the Boston Celtics, perennial National Basketball Association champions, 32; the Detroit Lions, runners-up to the Packers in the Western Conference of the NFL and the only team to beat Green Bay, 24; and Alabama's Orange Bowl football victors, 16.

# Hawk Jayvees Tumble 69-48

# Brads Leads Big Ten Scoring

**CHICAGO (AP)** — Ohio State's Gary Brads retained his lead in the Big Ten all-games basketball scoring race this week.

Brads has 333 points in 13 games for a 25.6 average while Jimmy Rayl of Indiana, idle Monday night, held his 24.8 mark. Bill Buntin of Michigan, also idle, retained a 22.9 mark with 298 points in 13 games.

Mel Garland of Purdue moved past Eric Magdanz of Minnesota by a fraction. Garland has a 20.5 average with 288 points in 14 games and Magdanz has 263 points in 14 games for 20.2.

**DICK PAPERFUSS**  
Named Athlete of Month

# Papenfuss 'Athlete Of Month'

Dick Papenfuss has been named "Athlete of the Month" by the Winona State College "W" Club.

A native of La Crescent, Minn., and graduate of La Crosse Central High School, Papenfuss is co-captain of the Warrior basketball team and a pitcher for the State baseball team.

In the last five games Papenfuss has averaged 21 points per game and he has an overall average of 17 points per game for the season. His highest output was 25 points scored against Lakeland. Although "Pappy" is comparatively short to the opposition's forwards, he compensates for his lack in size by being a deadly shot from out, a hard driver using either hand, and a good rebounder by outmaneuvering the opponents for position under the boards.

Along with being a two-year letterman in basketball, Dick is an ace reliever in baseball. He won Winona State's first game in the NAIA tourney last spring by shutting out California State for three innings. He is a good hitter also and may give the outfield a try this year. He has won two letters in baseball.

Dick has a physical education major and a social science and basic business minor. He will graduate this spring.

# Welu, Ladewig Lead All-Star

**KANSAS CITY (AP)**—The names of Marion Ladewig and Billy Welu on top of the All-Star Bowling Tournament standings board brought back memories of the 1959 event today.

Mrs. Ladewig and Welu won the All-Star crown four years ago at Buffalo, N.Y. It was the seventh title for Mrs. Ladewig, the Grand Rapids, Mich., grandmother, and the first for Welu, St. Louis pro.

Mrs. Ladewig, 48, charged to the top of the women's field Monday with the best 20-game qualifying total on record, 4,185. She climaxed her drive with a 224-246-209-290-969 series.

Welu, 29, tightened his grip on the men's lead with a 20-game record of 4,563. He rolled an 890 four-game set Monday.

# Demons Win 5-4 In Hockey Play

The Demons defeated the Comets 5-4 in overtime Monday night in the first game in the Park-Rec Midget Hockey League at Athletic Park.

Keith Peterson registered the three-goal hat-trick for the Demons and John Hass and Larry Kaniz had a goal each. For Comets, who lead 2-1 after the first period, Don Jaskola had two goals and Don Abrams and Bob Block one each.

Comet goalie Leo Smith made six stops and Lee Kaniz of Demons eight.

# Clemson to Rule On Accepting Negro Students

**COLUMBIA, S.C. (AP)**—Clemson College trustees will meet here this week to consider the admission of the school's first Negro student.

Gov. Donald S. Russell had no comment after Chief Judge Simon Sobeloff of the U.S. 4th Circuit Court of Appeals and Chief Justice Earl Warren of the U.S. Supreme Court ruled to delay an order that Harvey Gantt, 20, a Charleston enrollee at Clemson, be admitted to the school.

Russell said he might make a statement after conferring with state officials. The trustees set their meeting for Wednesday or Thursday. Other state officials refused comment.

Gantt, who will probably be enrolled next Monday as a transfer from Iowa State University, will be the first Negro to attend a previously all-white school in South Carolina on any level.

"I hope now that all the legal drawbacks are behind me," Gantt said at his home Monday night. He said he "generally felt real good" about the latest court action.

# AFL to Appeal Anti-Trust Suit

**ALEXANDRIA, Va. (AP)**—The American Football League, a loser in a lower court, takes its \$10.8-million anti-trust suit against the National Football League today to the U.S. Circuit Court of Appeals.

# De Gaulle and Adenauer Agree On Cooperation

PARIS (AP) — West German Chancellor Konrad Adenauer and French President Charles de Gaulle, faced Atlantic and European issues dividing them today after agreeing on a treaty of close diplomatic cooperation between their countries—traditional enemies.

Adenauer is under heavy pressure from his public to play a mediating role in the crisis which erupted last week when De Gaulle rejected the American plan for a NATO nuclear force and slammed the door on British membership in the European Common Market.

West Germany favors British membership in the Common Market and has endorsed the American project for a multinational nuclear NATO force. Adenauer was expected to press De Gaulle to modify his position at a meeting today with only inter-preters present.

British bitterness over De Gaulle's position welled up Monday night in a sharp speech by Prime Minister Harold Macmillan, warning the French president against trying to dictate the future of free Europe. Macmillan told a political rally in Liverpool that no country "in these days can stand entirely on its own. Alliances are essential to security."

Macmillan accused De Gaulle of opposing Britain's bid to enter the Common Market for political reasons. He rejected French claims that he had been insincere with De Gaulle in agreeing to President Kennedy's proposals to scrap the Skybolt missile in favor of Polaris missiles that would be controlled by the North Atlantic Alliance.

De Gaulle and Adenauer agreed Monday on a treaty of close cooperation in diplomacy, defense and culture, open to other states of Europe, which they hope will repair their differences in foreign policy.

# Cuban Exile Leader Says Air Cover Promised

MIAMI, Fla. (AP)—A leader in the exile organization that mounted the 1961 Cuban invasion insists that the anti-Castro brigade was promised full air cover.

The exile leader, Antonio de Varona of the Cuban Revolutionary Council, said he was obliged to "break silence" because of Atty. Gen. Robert F. Kennedy's statement Monday that no United States air cover ever was planned. The attorney general said President Kennedy couldn't have issued last-minute orders canceling air cover, as many administration critics have maintained, because there were never any plans for the United States to provide air support.

Sen. Barry Goldwater, R-Ariz., also took issue with the attorney general in Washington. Goldwater said he talked with the President just after the invasion and "I certainly got the impression then that an air cover had been part of the original invasion plans." Goldwater said, "I suggest it is

# Half of States Fall in Line on Guard Changes

WASHINGTON (AP) — Nearly half the states have fallen in step with the Army's plans for streamlining the National Guard.

It was learned that 21 states and Puerto Rico have notified the National Guard Bureau they are accepting revamped troop lists assigned to them under the reorganization.

Formal acceptances are expected from the remaining states. Some differences are still to be worked out, officials said.

Officials said letters of acceptance have been received from the governors of California, Colorado, Florida, Indiana, Massachusetts, Nebraska, New Hampshire, New Jersey, North Carolina, Rhode Island, Tennessee and Vermont.

The bureau has been informed that similar acceptances are on the way from Arizona, Iowa, Kentucky, Maine, Minnesota, Nevada, Oregon, Washington State, West Virginia and Puerto Rico.

Authorities hope to get the first state reorganized by Feb. 15. It was indicated Florida, New Hampshire, Indiana or New Jersey may be the first.

# Press Was on Dick's Back, Ike Believes

NEW YORK (AP) — Former President Dwight D. Eisenhower says his vice president, Richard M. Nixon, "did have a point" when he issued what Eisenhower calls his "bitter indictment of the press."

In the current Saturday Evening Post, Eisenhower has an article saying that throughout Nixon's political career, "it seemed that a considerable segment of the press was on his back."

"I suppose," Eisenhower wrote, "it was an extension of the curious, 'I don't like Nixon' cult, which I never could really understand."

"In any event," Eisenhower said, "it was obvious that many of the reporters did not like him and frequently their bias showed through in their reporting of his activities and speeches."

Eisenhower referred to a Nixon news conference in Los Angeles last Nov. 7, after the former vice president lost the California gubernatorial election. Nixon said then that biased reporting had blocked his political comeback bid and that the news conference was his last.

proper to inquire into this latest example of 'news management' by the New Frontier. Has this practice of the administration now been extended to the rewriting of history?"

# Kennedy Hails End of Katanga Secession Move

WASHINGTON (AP)—President Kennedy has hailed the end of the Katanga secession and declared that the Congolese now have an opportunity "to rally behind their national and provincial leadership."

He said the peaceful entry of U.N. forces into the Katanga stronghold of Kolwezi had confirmed the downfall of the separatist regime of Moise Tshombe.

This, he said in a statement Monday, "is warmly welcomed by the United States and all who are concerned with the future of the Congo and the whole of Africa."

He said the Eisenhower administration "determined wisely" that the U.S. goal of seeking conditions allowing the Congolese to work out their own future could best be pursued through the United Nations.

He added that his administration had vigorously supported the U.N. efforts.

The American people, he said, are deeply indebted to U.N. Secretary-General U Thant and to his predecessor, Dag Hammarskjöld, "who gave his life in the quest for peace" in the Congo.

Assistant Secretary of State G. Mennen Williams expressed belief that the U.N. success also had brought dividends to the United States.

The U.S. participation in the U.N. Congo operation, he said, "has greatly increased the respect of Africans for us."

Williams, chief of the State Department's Bureau of African Affairs, viewed the U.N. victory as in effect, a defeat for communism.

# Kennedy's 3 Sisters Call Off Trip to East

WASHINGTON (AP)—President Kennedy's three sisters have called off a trip to India and Pakistan.

A spokesman for Eunice Shriver, wife of Peace Corps Director Sargent Shriver, said the trip had depended on whether all three could get away at the same time, and it didn't work out.

Last August, Mrs. Shriver and her sister Jean, wife of campaign coordinator Stephen E. Smith, took a European trip.

This time sister Pat, wife of actor Peter Lawford, had planned to go with them.

# Britain, Russia Sign Two-Year Agreement

LONDON (AP)—Britain and the Soviet Union signed a two-year agreement Monday to extend cultural relations between the two countries.

The agreement which goes into effect April 1 provides for more teacher exchanges, development of contacts between medical institutions and easier visa facilities for Russian visitors to Britain.

# Scottish Professor Dies While Bicycling

GLASGOW, Scotland (AP)—Prof. John Read, 78, an authority on alchemy and historical chemistry, died Monday of a heart attack while bicycling from his home to post a letter. He was professor of chemistry at St. Andrews University.

# .22 Slug Leaves Man's Leg 72 Years Later

SPRINGFIELD, Mass. (AP) — George W. McCauley was 8 years old when he was shot in the right leg in 1891 in a hunting accident in Fort Lauderdale, Fla. He never had the .22 caliber slug removed. Today, McCauley displayed the slug which popped out of his leg at home. Dr. Walter C. Kotarski theorized the bullet worked its way out after McCauley suffered a recent bruise.

# Market Nudges Upward in Heavy Trading

NEW YORK (AP) — The stock market nudged to a new recovery high in heavy trading early this afternoon.

It was a ragged advance, with gains of fractions to about a point among key stocks slightly outnumbering losers.

The Associated Press average of 60 stocks at noon was up .5 at 233.6, with industrials off .1, rails up .9, and utilities up .6.

The AP averages was at the levels of the last week of April when the market just was beginning its dizzy slide following some sharp Wall Street criticism of President Kennedy's intervention in the steel price crisis.

Industrials performed spottily. The burden of the advance was carried by utilities and rails.

Big Three motors took fractional losses. American Motors rose nearly a point and hit another high for 1962-63.

Leading steel shares were higher. Jones & Laughlin adding about a point. Among chemicals, Union Carbide and Du Pont were moderate gainers.

Gains of about 2 by Norfolk & Western and more than a point by Atlantic Coast Line helped push the rails higher. Illinois Central added about a point.

TBM raised the dividend to \$1 from 75 cents and held a rise of about a point.

Up around a point were International Telephone, Amerasia and Merck.

The Dow Jones industrial average at noon was up .54 at 675.78. Prices on the American Stock Exchange were generally higher in moderate trading.

Corporate and U.S. government bonds were lower.
